If you're an N.F.L. offensive coordinator, you should be hiding under your desk right now.**cheap jerseys wholesale,cheap nhl jerseys**

The Buffalo Bills fired Turk Schonert Friday morning, making it three offensive coordinators fired this week. A week before the season even starts.

This was Schonert's second season as offensive coordinator, but the first-string offense failed to score a touchdown in 15 possessions during the preseason,**cheap jerseys wholesale,cheap nhl jerseys** according to the Buffalo News.

Schonert will have lots of company on the unemployment line — or maybe the golf course, wherever it is that out-to-pasture offensive coordinators go to await another chance. The Buccaneers fired the offensive coordinator Jeff Jagodzinski Thursday seven months after he was hired, with Coach Raheem Morris implying that Jagodzinski was in over his head when it came to installing an N.F.L.-level offense and calling plays. Of course, Morris is the one who hired Jagodzinski in the first place.

It's all making the Kansas City Chiefs look positively sane. Coach Todd Haley fired Chan Gailey this week. Gailey was a holdover from the Herm Edwards era and Haley is a former offensive coordinator who will do the play-calling himself. That makes sense, even if the timing was less than ideal.**cheap jerseys wholesale,cheap nhl jerseys,mens nfl jerseys,nhl jerseys,best place to buy nfl jerseys**

That's not the way to keep pace with the New England Patriots, whom the Bills play on the Monday Night Football opener. Schonert will be replaced by quarterbacks coach Alex Van Pelt.

So has the dynamic of the N.F.L. The desperation level that marks the owners' frenzied firings in January has migrated to head coaches who are so frantic for a fast start that they don't even wait for the first snap to be taken.

"When you look at the quarterbacks in this league that have been successful, there's a coach he's been with for a long period of time and a system he's been in," said former quarterback Ron Jaworski, who will bear witness to the Bills's mess as an ESPN analyst on Monday night. "The quarterback situation in Tampa, you have a rookie in Freeman, 10 days before your opener the guy implementing the system is gone. That's a setback. These quarterbacks now take a step back. The dynamic of the room has changed."

The real losers here: the quarterbacks.**cheap jerseys wholesale,cheap nhl jerseys,mens nfl jerseys,nhl jerseys,best place to buy nfl jerseys** How would you like to be Trent Edwards, Byron Leftwich (or the rookie Josh Freeman, the heir apparent) or Matt Cassel right now, after spending the off-season workouts and training camp working with one coach, only to be suddenly told that the team is going in a different direction?

I spoke to Joe Namath for about 15 minutes Thursday morning for another article, and, of course, the conversation eventually turned to Jets cornerback Antonio Cromartie and the vulgar name he called New England quarterback Tom Brady on Wednesday in The Daily News.**cheap jerseys from china,cheap nhl jerseys**

As for whether Brady taunted the Jets or in general taunts opponents after touchdowns,**cheap jerseys from china,cheap nhl jerseys**Namath laughed again. "Pointing at the sideline and all that stuff, I've been through that," Namath said. "When you kick somebody's butt, and they've been running their mouth, you let them know. It's as simple as that. All that talking is not going to help either team on the field."

Namath said Cromartie gave him another laugh in a rivalry week filled with outrageous comments from the Jets. He said players, fans, coaches and analysts could make such comments as serious as they wish, but he said dislike between players "has been around since I was playing and long before that." Namath said he sometimes did not like an opponent simply because of the way that person walked or looked.

Asked if he ever won a playoff game under similar circumstances, Namath went back to the 1968 season. The Jets had lost at Oakland in mid-November — the Heidi game, for those who remember — 43-32. The Jets faced the Raiders again in the conference championship and advanced to the Super Bowl with a 27-23 victory in late December.

New England battered the Jets, 45-3,**cheap jerseys from china,cheap nhl jerseys,nfl jerseys kids,authentic jerseys cheap,cheap jerseys wholesale** in early December. The Patriots will host the third meeting between the teams this season on Sunday afternoon, with a trip to the A.F.C. championship on the line.

Namath said he had “a tremendous amount of respect” for Woody, and added, “I have to feel our offensive line won’t be at its best without him.”

Namath was less concerned with the score of the last meeting between the Jets and the Patriots and more concerned that right tackle Damien Woody was put on injured reserve on Wednesday.

Under the headline “Andy Bashers Take a Holiday,” Rich Hoffman of The Philadelphia Daily News chided Eagles fans, or, **cheap mlb jerseys** as he called some of them,**cheap nhl jerseys** the Balance Police. Excerpt:**cheap jerseys wholesale,wholesale jerseys**

They weren’t getting anything out of it (but for one 27-yard run by Correll Buckhalter).**cheap jerseys wholesale,wholesale jerseys** The rest of the time, Brian Westbrook was banging his head against a wall and he didn’t look like he had the burst it would take to bounce outside. So Reid and offensive coordinator Marty Mornhinweg did what they almost always do in that situation — they threw.

At the point where Westbrook caught the 71-yard screen pass for a touchdown, the Eagles has called about 68 percent passes and 32 percent runs. When they are losing, these are the kinds of numbers that get Reid barbecued. It is only a few play calls away from the sainted concept of balance, but people here insist that those play calls are the holy grail. Well, he wasn’t balanced yesterday. So why aren’t the Balance Police out in force?

Because it was never about the play-calling, except in the most extreme cases. It is about the players.

The Andy-bashers are giving the coach grudging credit for sticking with the run game against the Vikings even though it wasn’t working. This is wrong. He didn’t stick with it.[cheap jerseys wholesale](#),[wholesale jerseys](#),[sports jerseys china](#),[majestic jerseys](#),[custom nfl jerseys cheap](#)

A reader in the comments section countered:[cheap jerseys wholesale](#),[wholesale jerseys](#),[sports jerseys china](#),[majestic jerseys](#),[custom nfl jerseys cheap](#)

Rich, I admire your work and have always respected your opinions. However, it is clear that you don’t get it when it comes to the playcalling gripe fans have with Andy. Your logic has always been to blame the players — essentially saying that the coaches are incapable of putting the players in a bad position.

Extra point: In his news conference, Reid was asked,**cheap jerseys wholesale,wholesale jerseys,sports jerseys china,majestic jerseys,custom nfl jerseys cheap** as he frequently is, about the run-pass balance: “We tried to keep it as balanced as we could so I didn’t have to answer that question. I can’t believe you asked that question, but I am kind of glad you did.”

The unbalanced approach puts the players in a bad position. Running the ball provides balance, and to be honest, Andy’s philosophy yesterday was an improvement. Considering what Minny’s numbers were against the run (#1 in the league), what Reid did was appropriate. It’s when he’s facing teams that aren’t as good against the run as they are against the pass – when he’s incessantly calling passes that fly in the face of logic – that drive fans nuts.
